A 10x10 grid of squares. The top-left square is missing, creating a shape that resembles a staircase or a corner. The grid consists of 10 rows and 10 columns. The first row has 9 squares, and each subsequent row has one more square than the row above it, starting from the second row which has 10 squares. This pattern continues until the tenth row, which also has 10 squares. The missing square is at the top-left corner (row 1, column 1).
